

Luxury listing: artful architecture overlooking the city

Minutes from the Sunset Strip but it feels like miles from the hustle

Designed and built by Melanie Marlo Designs, the three-bedroom, three-bathroom and one half bathroom home is set aside in a cul-de-sac in Sunset Plaza in Hollywood Hills.

The coveted architectural gem is minutes from the Sunset Strip but boasts unmatched privacy and seclusion. The home has sprawling views of the city with floor-to-ceiling windows and a relaxing outdoor pool and spa.

The home at [1489 Stebbins Terrace](#) is listed for \$7.5 million by Billy Rose at The Agency and Aaron Kirman of John Aaroe Group.
